## Charter - Dolphin & Albatross encounter combo

Dolphin Encounter

Encounter Kaikoura have been sharing unforgettable dolphin encounters with people from all over the world for over 30 years. Dolphin Encounter Kaikoura is New Zealand's first company to offer swimming with dolphins. They are well versed in the best ways to encounter the dolphins in safe, humane and environmentally-friendly ways (not to mention exciting and fun ones!). They are proud to have introduced many thousands of visitors to the uniqueness of our local environment, with the abundant and diverse marine life that inhabits this very special part of New Zealand.

We wanted to tick off a few boxes with this experience.

Many know Encounter Kaikoura propose Dolphin Encounters, but they also propose Albatross Encounter.

We are chartering a boat this morning to show you a combo of both. You will be able to see both dolphin and albatrosses within this 2 hour tour. This combo is only available as a charter option normally but for this famil it means you get knowledge on both products instead of just one.

### **BIOSECURITY IN NEW ZEALAND**

New Zealand has strict biosecurity procedures at airports to prevent the introduction of pests and diseases of animals and plants.

***All food items brought into New Zealand, even the smallest amounts, need to be declared. Tourism New Zealand recommends that you do not pack any food products for your trip.***

Any food you are provided on the plane needs to be left on the plane, disposed of in one of the airport disposal bins or declared.

Any hiking shoes, sporting or camping equipment you bring should be declared at the border where they will be checked for soil, plant matter and seeds. We recommend that if you are bringing these items, you pack them in an accessible place. It is not illegal to bring these items into the country as long as you declare them on the passenger arrival card you will be given on the plane. Failing to declare food, plants or equipment that may carry soil or plant matter, may result in a fine. For detailed information please go to the New Zealand Customs Service site at:

## **GOODS AND SERVICES TAX**

## **SMOKING**

Smoking at airports is not allowed in terminal buildings. Most hotels no longer offer smoking rooms. Smoking inside public restaurants and bars has been prohibited.

## **HEALTH AND SAFETY**

New Zealand is generally a very safe place in which to travel. However, you should take the same precautions here as you would at home to protect your valuables and keep yourself safe. Take copies of your important documents (like your passport and credit cards), and keep them separate from the originals. You should also keep a record of the description and serial number of valuable items (like digital cameras). Always lock your accommodation and vehicle and keep windows secure when you're not around.

Don't carry large amounts of cash or expensive jewellery. If withdrawing money from a machine, withdraw small amounts only - preferably during the day and shield your pin. When out at night, keep to well-lit places where other people are present. Don't take short cuts through parks or alleyways. Travel with someone you know. Store valuables securely, ideally in a safe at your accommodation. Never leave valuables or important documents in parked vehicles. Never leave bags, backpacks, wallets or cameras unattended in any public place, especially airports, ferry terminals or bus/railway stations.
